# Appointments at Pinmar

By Craig Ritchie | December 09, 2019

## Four new appointments position US yacht refinisher for further growth

US yacht refinisher Pinmar has announced a number of personnel appointments in the wake of its new facilities at Savannah Yacht Center (SYC) on the US east coast coming fully online.

Industry veteran Jeff Berg joins the Florida-based company to manage the new paint facility in Savannah, Georgia. Berg brings more than 36 years of experience to the new role, following previous positions at major shipyards worldwide. In his new capacity Berg will oversee all Pinmar refit projects at the Savannah facility.

Also new to Pinmar are Yuriel Morales and Dayan Gil, who recently joined the production team as senior paint supervisors. Gil will head up production at the company's US headquarters in West Palm Beach while Morales assumes similar responsibility at Pinmar's Dania Beach facility. Both Morales and Gil have extensive superyacht painting and project management experience, formerly running their own business Y&D Yacht Refinishing.

Stefany Worswick also recently joined the firm as sales manager. Working under US director of sales Phil Burgess, Worswick will be responsible for business development, revenue generation and customer relationship management for the US east coast and the Caribbean.

“I am delighted that we have been successful in attracting these talented and experienced managers to join the Pinmar team,” said executive director Derik Wagner. “We have an ambitious program of growth ahead of us, having them onboard will strengthen the team to support and facilitate our market expansion.”

Pinmar US is based in West Palm Beach, Florida with additional locations in West Palm Beach, Ft Lauderdale, and Savannah, Georgia.
